Several petitions have been set into the Legislature of this State, against the application of Saul Alley and others, for a railroad between New York and Albany; also petitions to authorize the New York and Eric Railroad Company to construct a tunnel, terminating at Newburgh. Numerous petitions were presented into the House against the running of the Eric Railroad into Pennsylvania. Among the bills acted upon in the House Committee of the Whole, was the bill to incorporate the Troy and Greenbush Railroad Association, and to impose tolls on the Hudson and Mohawk, and Schenectady and Troy Railroads. These three bills were ordered to a third reading.

The Canadian Bill, chartering the St. Luwrence and Allantic Railway Company, and authorizing them to

Troy Raircads. These three bills were ordered to a third reading.

The Canadian Bill, chartering the St. Lawrence and Arlantic Railway Company, and authorizing them to connect their road, running from Montreal to the Province line, with the Atlantic and St. Lawrence Railway, running from Portland to the Province line, passed both branches of the Provincial Parliament, and recrived the approval of Lord Metcalf, Governor General of the British possessions, though His Lordship had not officially given the Royal assent.

The Governor of Michigan transmitted to the House of Representatives, without his signature, sundry bills originating there, and which had passed both houses, making appropriations of land for the extension of the Central railroad beyond Kalamazoo, the Southern beyond Hillsdale, and on sundry roads and rivers in other parts of the State. The bills returned to the House, made the following appropriations:—For grubbing, grading and bridging the Central Railroad west of Kalamazoo, 140,000 acres; for a canal sround Grand Rapids, and otherwise improving the navigation of Grand River. 20,000 acres; for a canal sround Grand Rapids, and otherwise improving the navigation of Grand River. 20,000 acres; for a canal survey of Grand River. 20,000 acres; on the Bhiawasee river. 5,000 acres; on Gallen tiver, and for a wagon road from New Troy to New Buffalo, 2,000 acres; the Shiawasee river, 5,000 acres; on Gallen tiver, and for a wagon road from New Troy to New Buffalo, 2,000 acres; the Governor also at the same time returned to the Senate, a bill appropriating 6,000 acres on the Kalamazoo river.

Bills of the Bedford Commercial Bank, of the denomination of \$1\$, but which have been altered to \$5\circ*s, are also in circulation—no less than six of them having been detected within a few days. The fraud may be easily detected. A figure \$5\circ\$s and six of the corners, instead of the original numeral, and where the "One" had been, the bill is so mutilated as to leave only a part of the letter "N" to resemble a V, and the E by which it is followed. THE UNDERSIGNED, respectfully informs his friends and the public, that he has taken Palmo's Opera House for a short period, for the purpose of producing a Series of Legitimate Plays in a style of superior excellence, supported by a powerful Commany. For a number of years the Legitimate Drama has been depreciated in public esteem—a reformation of its abuses, and the elevation of the character of the Stage, is a paramount object of the writer. The Drama is coveal with civilization; it promotes refinement while it is supported by it—and so long as the elements of life or the soffer humanities of our nature are cherished, well conducted Theatres, under favorable circumstances, must succeed. We dropped last night in one of Prof. Bonneville's lectures on Magnetism. What struck us most, was the "sang froid" and "nonchalence" which "Monsieur" exhibits in his speculations on the curiosity and credulity of the public. PHILADELPHIA, March 22, 1846.
Well, the battle is over; the smoke is about clearing away, and we can now begin to see the positions gained or lost by the respective belligerents. We find the natives in possession of Southwark by about 900 majority, of North Mulberry and Locust wards in the city; of fourth ward, Mayomensing, and of two wards in Spring Garden In all other places, except one or two trifling rural districts they have been provided.

In all other places, except one or two trifling rural dis-tricts, they have been routed—horse, foot, and dragoons. The democrats hold the highly populous district of the Northern Liberties, by an overwhelming vote, carrying six wards out of seven—the seventh being carried by the whigs; also, the township of Mayomensing, two thirds of the city, and the two most important wards of Spring Garden, besides a majority of the rural districts. The the city, and the two most important wards of Spring Garden, besides a majority of the rural districts. The whigs hold full possession of twelve, and half possession of thirteen wards of the city, besides electing here and there, where they were wise enough to support and stick to their ticket and not amalgamate with the natives, a portion of their minor candidates. From this contest it is clearly ascertained that the natives compose about one-fifth of our vetting population; and yet some of their papers pretend to claim a victory. Such another and they are gone. It will be recollected that they were the only parties who made any strenuous exertion. They have been keeping the excitement up all winter, crilling for this contest. Concerts, lectures, meetings, sermons, organizations and banner presentations, have been put is requisition, while all other parties have remained quiet. But two days before the election they had a procession to escort into the city a delegation from Boston: in the evening a banner was presented with Sourishing ceremonies; and the next evening the great native mass meeting came off. The other parties did not hold even a ward meeting, and yet they succeeded in vanquishing this new and monster faction in all but their two or three strongholds. I predict that in another year they will be among the things that were. I cannot forbear mentioning one peculiar feature of nativism which has manifested itself this election. You must have noticed the number of Mace which abound among the names of their candidates. This inconsistency ought of taelf to consign the faction to defeat; but it is eclipsed by another, which I cannot characterize but as a piece of impudent audacity—apparently on effort to see how blind and senseless are the rank and file of its adherents. In Fourth Ward, Moyamensing, John Dennis, a solder of the Revolution, aged 75 years, a man of the most amiable disposition, of the highest probity, and universally respected, was beaten by Wm. McCauley, an Irishman, who ran on the native

serious difficulty, and resulted as follows:—

(From the Philadelphia Chronicle, March 22.)

It will be seen that the whigs have elected nine Aldermen in the city, the democrats two, and the Native Americans three.

In the Northern Liberties the democrats have elected three Aldermen, and the Native Americans two. The independent candidate was successful in the 2d Ward.—

The democrats have elected a majority of the other officers in the several Wards of this district.

In the 1st Ward, Spring Garden, there was no election for Alderman. The Native American candidate in the 3d Ward. We have no returns of the election for Alderman in the 4th Ward—the Native American candidate for Assessor, Mr. Cramer, has been elected by about 50 majority.

The Native Americans have been successful in all the

didate for Assessor, Mr. Cramer, has been exceeded to majority.

The Native Americans have been successful in all the Wards in Southwark, electing their entire ticket.

In consequence of an informality in the tickets, there was no election for Aldermen in Moyamensing. Native Constable elected. The democrats have elected their candidates in the 1st and 2d Wards, and the whigs have been successful in the 3d Ward.

DESTRUATIVE FIRE.—This morning about four o'clock a fire was discovered in one of the stores of Messra Les, Bunker & Co., Flour Factors and Commission Merchants, No. 71 South Wharves, below Spruce st. The fire was the work of an incendiary, and was communicated to the lower part of a store running from Water street to the rear of the one fronting the Delaware. It contained some 2006 barrels of corn meal, several hundred barrels of flour, and 1600 bushels of wheat. The north and east walls of the building, owing to the weight upon the floors, fell in, and the fire communicated to the front store, containing flour, cloverseed, &c., but its progress was arrested by the firemen. The building belonged to the heirs of the late Paul Beck, Esq. and the occupantswere fully insured. An adjoining store occupied by Messra Brown & Goodwins, caught fire, but was not extinguished when our paper went to press, but no doubt it will soon submit to the exertions of our active firemen.—Phil.
